

Statistical Fluctuations, A Maximum-entropy Viewpoint. Mello, Pier A. Author. Engineering, Benha. Download result of the search (.pdf) - University Press Scholarship Quantum Transport in Mesoscopic Systems: Complexity and Statistical Fluctuations - A Maximum Entropy Viewpoint Mello Pier A. ; Kumar Narendra. Quantum Transport in Mesoscopic Systems . - English Books Quantum transport in mesoscopic systems : complexity and statistical fluctuations, a maximum-entropy viewpoint / Pier A. Mello and Narendra Kumar Mello, Pier Quantum Transport in Mesoscopic Systems: Complexity and . . Quantum Dots. 4. P. A. Mello and N. Kumar: Quantum Transport in Mesoscopic Systems: Complexity and Statistical Fluctuations statistical; we follow a maximum-entropy approach, where the Shannon information entropy is . 5 The maximum-entropy approach: an information-theoretic viewpoint. 5.1 Probability and Quantum Transport in Mesoscopic Systems: Complexity and . - Google Books Result including universal conductance fluctuations, weak localization, Coulomb . Random-matrix theory deals with the statistical properties concerned with mesoscopic systems, at the borderline complex real quaternion orthogonal unitary symplectic. 1. Wigner-Dyson the true ensemble is not of maximum entropy, at least. Quantum Transport in Mesoscopic Systems - Pier A Mello - Book .
